Class –III (2024-25)

Dear students,

With summer break on the horizon, get ready for an engaging assignment that encourages discovery and fosters creativity.

Here are some key reminders:

- **All the activities will be evaluated on the basis of creativity, presentation and timely submission.**
- **While parents can offer guidance at home, it's essential that students complete their work independently in their own handwriting. Remember, each activity carries marks.**

Let's begin this adventure of discovery and creativity!
